

## Business Management System ISO 27001:2017

### 1.3 ISMS POLICY

It is the policy of RTL to maintain an information management system designed to meet the requirements of ISO 27001:2017 in pursuit of its primary objectives, the purpose and the context of the organisation.

It is the policy of RTL to:

- make the details of our policy known to all other interested parties including external (where appropriate); to determine the need for communication and by what methods relevant to the business management system.
- comply with all legal requirements, codes of practice and all other requirements applicable to our activities; therefore, as a company, we are committed to satisfy applicable requirements related to information security and the continual improvement of the ISMS.
- provide all the resources of equipment, trained and competent staff and any other requirements to enable these objectives to be met;
- ensure that all employees are made aware of their individual obligations in respect of this Business Management System;
- maintain a management system that will achieve these objectives and seek continual improvement in the effectiveness and performance of our management system based on "risk".

This Business Management System provides a framework for setting, monitoring, reviewing and achieving our objectives, programmes and targets.

To ensure the company maintains its awareness for continuous improvement, the business management system is regularly reviewed by senior management to ensure it remains appropriate and suitable to our business. The ISMS is subject to both regular internal and external (annual) audits.

#### **Scope of the Policy**

The management of information security in the operation of data analysis, the maintenance of public information registers for England and Wales, Scotland, Republic of Ireland, Northern Ireland, the Isle of Man, Guernsey and Jersey and the provision of these registers.
