INTRODUCTION

Registry Trust Ltd was established in 1985 to maintain the only official statutory **Register of Judgments, Orders, and Fines** for England & Wales on behalf of the Ministry of Justice, and maintains similar Registers for Scotland, Northern Ireland, Republic of Ireland, Isle of Man, and Jersey by agreement with the relevant authorities.

Promote responsible lending and borrowing

Our 'live' data on monetary judgments (including CCJs) supports millions of lending and credit decisions in the British Isles & Ireland every year and can be used to identify trends, including the current economic and social realities for those in the most vulnerable situations. It even creates usable credit metrics through the absence of a judgment record.

Inform discussion on the economy, inform policy makers and empower consumers

As a not-for-profit company which doesn't cost the government or tax-payer any money, we provide a trusted and impartial source of credit information and place no interpretation on the content of the Register; we simply ensure that the records published are as accurate and up to date as possible. Our mission is to use and share this **public data for public good** to promote responsible lending and borrowing, inform discussions on economy and empower consumers and enable good business decisions.

Enable better data-driven decisions

Methodologically, the data in this report reflect records received over the previous 6 years. Analysis is undertaken each quarter and published in these reports. Seasonal variations affecting the workload of the courts and differing economic conditions may have an impact on the statistics and the variations between periods. Where there are factors known to have influenced the volume or value of the statistics in this report these are commented on.

Summary

Judgment values approach £13 billion total.	The Register contained 5.4 million records with a total value of £13.0 billion at the end of Q3 2025.
Consumer judgment growth has accelerated.	More than 285,000 new <i>consumer</i> judgments were registered in Q3 2025, 16% more than the previous quarter and 19% more than Q3 2024.
While annual figures rose, quarterly volumes of commercial judgments declined after a Q1 2025 peak.	Nearly 40,000 new <i>commercial</i> judgments have been added to the Register in Q3 2025, down by 16% from the previous quarter and down by 27% from Q3 2024.
Small-value debts make up a large share of unpaid judgments.	There are 4.1 million unsatisfied <i>consumer</i> judgments in <i>England and Wales</i> . 38% (1.6 million) of these judgments are for amounts below £500 .

**A judgment is cancelled if it is satisfied within one calendar month of being made. Note that there are other reasons for judgments moving onto and off the Register. All movements other than new judgments or judgments that exceed six years mark are captured in this 'cancelled' category.

State of the Register

The Register contains **5.4 million** records with a total value of **£13.0 billion**.

Records are kept on the Register for **six years**. This means that an analysis made on 1st October 2025 covers judgments on the Register from 1st October 2019.

88.0% of records on the Register are **unsatisfied** judgments and **12.0%** are **satisfied** judgments.

Register by Judgment Date

Out of **5.4mn** judgments on the Register, **825,316 (15.3%)** have 2025 as the judgment year.

303,651 judgments fall into Q3 2025 based on the judgment date.

Judgments that met the **six-year** cut-off prior to 1st October 2025 had already been removed from the Register – **923,327** records from 2019 in total.

Commercial and Consumer Judgments

88.5% of the records on the Register are consumer judgments and **11.5%** are commercial judgments.

Commercial judgments can be further split into corporate and non-corporate judgments.

Corporate judgments make up **9.2%** of the Register and non-corporate judgments **2.3%**.

Jurisdictions

This publication covers statistics from the following six jurisdictions:

- **England and Wales**
- **Scotland**
- **Northern Ireland**
- **Republic of Ireland**
- **Jersey**
- **Isle of Man**

97.2% of judgments on the Register were assigned to **England and Wales** and therefore make up far and away the biggest data set.

As a result of being relatively small data sets, information for the other jurisdictions is more easily affected by a small number of exceptional circumstances.

Glossary

Judgment – A monetary award determined by a civil court, typically resulting from legal disputes or claims. The structure and specific details of judgments can vary depending on the jurisdiction.

New Judgment – A judgment recorded in the Register for the first time during the specified period.

Judgment Date – The date designated to a judgment by the court, reflecting when the judgment was issued. This is distinct from the date on which the judgment is first recorded in the Register.

Register – A record that contains all registered judgments within the six-year retention period.

Satisfaction – The fulfilment of a debt or court order, demonstrated by evidence that it has been fully paid.

Cancellation - The termination of a debt or court order by the court, typically due to satisfaction within one calendar month or other specified reasons.

Unsatisfied Judgment - A court-ordered debt or payment obligation that remains unpaid by the debtor and is recorded in the Register under the unsatisfied judgment status.

Satisfied Judgment - A court-ordered debt or payment obligation that has been fully paid by the debtor after one calendar month, with supporting evidence provided. It is recorded in the Register under the satisfied judgment status.

Jurisdiction – Registry Trust manages monetary judgment data for jurisdictions across the United Kingdom and Ireland. Specifically, the jurisdictions supported are England & Wales, Scotland, Northern Ireland, Ireland, Guernsey, Jersey, and the Isle of Man.

Consumer Judgment – Monetary judgments awarded against an individual.

Commercial Judgment – Monetary judgments awarded against non-personal entities.

Corporate Judgment – Monetary judgments awarded specifically against incorporated businesses, such as limited companies.

Non-Corporate Judgment – Monetary judgments awarded specifically against unincorporated businesses, such as sole traders and partnerships

Data Analyst Comments

- The report uses data from the Register observed on 1st October 2025, prior to 11AM. The Register maintains records for a period of six years. As of 1st October 2025, it contains judgment data with judgment dates spanning 1st October 2019 to 1st October 2025.
- Judgment dates are assigned by the court. Official judgment dates are different from the date the judgment is recorded in the Register. An official judgment date is always on or before the date of its insertion in the Register. Judgments are removed from the Register if their judgment date exceeds the six-year retention period.
- The flow of judgments is determined based on the date they are entered into the Register. New judgments registered during the specified timeframe may have judgment dates within the past six-year period. For instance, a judgment entered in 2025 could have a judgment date from as far back as 2019. While a judgment inserted in the Register in 2025 is categorised under that year, its actual judgment date may fall in 2019.
- Beyond the routine addition of new judgments and the automatic deletion of records after the six-year retention period, there are additional reasons why judgments can move in and out of the Register. For simplicity, all other movements are categorised under the 'cancelled' category. This includes judgments satisfied within the same calendar month and any other adjustments involving the addition or removal of records.
- For clarity and readability, some numerical values — including percentages — have been rounded. As a result, individual figures may not sum precisely to totals due to rounding.
- Certain judgment amounts in the Republic of Ireland are denominated in euro. In these cases, totals have been converted to GBP using the daily spot exchange rates from the Bank of England database as of September 30, 2025 (€1 = £0.8728).
